

## AxTraxPro Management Software - System Software Application & Licenses

Part Number	Description
<b>Base Software License</b>	<p><b>AxTraxPro™ - PC Client/Server Management Software for Professional Networked Controllers</b></p> <p>AxTraxPro™ Server for Windows is a Client/Server Software for Identity Management, Access Control and Automation for systems that use Rosslare's AC-215x, AC-215xB, AC-225x, AC-225xB, AC-425x, AC-425xB, and AC-825IP access controllers. It is a full-featured software that provides a solution for a wide range of security challenges in various markets. The software is suitable from a single Access Point system up to 1000s of access points over LAN and WAN. The software has full features including desktop and web-based user interfaces, badging designer, time zones, user groups, access groups, access levels, link automation, email notifications, panel firmware management, interactive site map, event log, reporting engine, and database backup/restore. The software license includes two packages: Basic for very small offices, with limited functionality and no options to be expanded, and Standard for small to large enterprises.</p>
	<p>Basic package features are available without any license purchase;</p> <ul style="list-style-type: none"> <li>• Up to 6 access points</li> <li>• 1 Operator</li> <li>• 1 Web client local operator</li> <li>• 1 Door interlock group</li> <li>• No lockdown groups</li> <li>• Limited functionality</li> <li>• Access points – can't be extended</li> <li>• Web client local operators – can't be extended</li> </ul>
<b>AX-PRO-BASIC (Free)</b>	<p>Standard package features require purchasing a license,;</p> <ul style="list-style-type: none"> <li>• ALL available reader ports require a license.</li> <li>• 12 access points included</li> <li>• 32,000 Operators</li> <li>• 1 Web client/mobile local operator</li> <li>• 256 Door interlock groups</li> <li>• 1,024 Lockdown groups</li> <li>• Available Add-on modules with extra charge</li> </ul>
